

FREE LIBRARY SUBSCRIPTION BAGS

Books, DVDs, Tablets, & More Curated to Your Reading Preferences

The library will be creating subscription boxes for patrons that include books, DVDs, CDs, games, crafts, and more! Fill out one of the forms below to let us know your preferences for subscription frequency (weekly, twice a month, monthly), number of items they would like to receive, types of items, reading preferences, age range (for children only), etc. Based on this information, a staff librarian will create a custom subscription bag that meets your need or the needs of your young reader. Your assigned librarian will contact you to determine a regular pickup date, gather any additional information needed, and act as your point person for any additional needs or changes after the subscription is established. This is a free service that can be cancelled or modified at any time, and you can still place holds separate from the subscription boxes.
