### SOUTH PARK TOWNSHIP LIBRARY CLOSURE UPDATES

#### 5/19/2020 Update

Hello! I wanted to provide you all with a brief update of our process to reopen our library. Please note that each library in the county may be handling the reopening process differently. If you like to visit other libraries, please check with them about their unique reopening situation.

South Park Township Library has been cleaned and sanitized. The staff is preparing for a safe non-contact pick-up location in our vestibule. We are working diligently to make this happen in the next few weeks, but please be patient with us as we work through this. There are several factors that we have to take into consideration to maintain the safety of our staff and patrons such as allowing a 72 quarantine time for items returned to us, the availability of the county-wide delivery system for holds, and adhering to guidelines laid out by the CDC, Pennsylvania Department of Education, and the Allegheny County Library Association and Carnegie Library of Pittsburgh.

We will communicate more information with you as soon as we can. In the meantime, visit <https://www.southparklibrary.org/childrensprograms.html> for Miss Tami's digital children's programs and visit <https://elibrary.einetwork.net/> for the wealth of **FREE eResources** available to you. Also, I will be putting together take-home craft kits for adults and families in the next week or two. I will send out a communication when they are ready. **Our phones are on Monday-Thursday 10am-5pm** if you need assistance with our digital resources.

Thank you all for your patience and understanding through these uncertain times. We can't wait to see you all again. We'll be in touch soon with more reopening updates and information about our digital summer reading program!

Please be safe and healthy!

Amanda DeKnight, Director
